The Daily Standard. Wednesday, February 1, 1871.

Yesterday the Governor sent down to the Council the first one of a series of bills respecting the New Constitution of the Colony, the franchise, and the Registration of voters. The bills respecting the two fatter subject, may be expected down during the course of the week. The bill now before the Council is called "The Constitution Act 1871." So far as a hasty glance goes, we consider it a very good bill indeed; and we hope that we shall be able to say as much for the Franchise, Registration, ad Bribery Bills yet to come. "The nstitution Act 1871 " confines itself mainly to defining the number of Members and the offices of the Executive Council, and the number of Members in the Legislative Assembly with their districts. The Executive Council is to consist of net more than four members,— of whom there shall be a Colonial Secre-Attorney General, and Chief Commissioner of Lands and Works. The Governor slone will have the power to sppoint the Executive Council; but all of her appointments shall be made by the Governor with the advice of his Council. The Executive Councillors may The Liability of the Sharebe members of the Legislative Assembly end if any such Councillor resign his seat and within a month after takes another office in the Executive Council he shall not thereby vacate his office. This we deem to be a good provision in the present state of the Colony. As the Actis drawn there may be two members of the Executive Council without office, a very common expedient elsewhere,and often very necessary. In point of fact still further amendment may be FIRE made in the bill to secure the successful working of Responsible Government. The name of the Legislative Council is to cease, and that of Legislative Assembly be substituted from it. The Assembly is to consist of twenty-five members, by Fire. elected for tour years, with annual session,-and the members are to be returned by thirteen electoral districts. No member with any salary or contract for money with the Government will allowed to sit in the Assembly, except an Executive Coun-Any disqualified person will the House. Nine Members are to be a quorum for transacting business. If a Member accepts Office for a first time in the Executive Council, his seat becomes vacant, and he must be re-elected by a constituency. One new and agreeable feature in the Bill, is that for paying the Members \$5 per day for 50 days in a Session, and 15 cents per mile for travel—

The BUSINESS HERETOFORE CARRIED ON by the undersigned at Yale and Barkerville, British Columbia, has been sold to Charles Oppenheimer of Yale, to whom all outstanding accounts in respect of the library and the property of the library and the participated hydrogen are to be participated. hers would get \$250 a Session, without mileage, whilst a Cariboo or Kootenay Member, with mileage, would get \$430 a Session. This provision is essential to secure representation. The thirteen electoral districts are divided up as follows :- Laribco, three members; Lillooet, two; Yale, three; Kootenay, two; New Westminster City, one; New West-minster district, two; Victoria City, four; Comox, one; Nanaimo, one; Cowichen, one; Chemainus and Salt Spring, one; Victoria, Lake, and Saanich districts, two; Metchosin, Esquimalt, Sooke, and Highland districts, two; altogether twenty five members, of whom thirteen will be elected on the Mainland, and twelve on the Island. There are a number of minor provisions besides those enumerated. The Act will not go into operation till the Governor may think proper.

The trail is to be constructed on a line to be laid out by an Agent of this Department, and in accordance with a specification which may be seen at this Office.

The proposed trail is to be divided into two sections, the first extending from the Skeena River to the right bank of Babine River, and

the second from the said right bank of Babine River to Tatlah Lake, including a bridge across Babine River.

Government propose, as remuneration for this work, a charter granting the privilege of levying certain tolls for a stated period. each such section.

The Government intends to reserve in any charter that may be granted, power to resume the charter-right after Three Months' notice, on payment to the Grantees of the actual cost of the work executed, to be ascertained and decided, in case of dispute, by the Chief Commissioner of Lands and Works or other Officer appointed for that purpose by the Governor, with 25 per cent. added thereto as profit on the undertaking.

With each Tender must be enclosed a bond

(forms of which may be obtained at this Of-fice) of the person tendering, and of two re-sponsible Sureties with him, for the payment to Government of Five Hundred Pounds (£500) conditional on the non-fulfilment by the Tenderer of the terms of the Tender, i accepted within Fourteen days from the date up to which Tenders are hereby invited. Mr. Nelson moved that a respectful Address be presented to His Excellency the Governor, praying that an amount be placed upon the Supplementary Estimates for the conveyance of the mails, twice a week, between Victoria and New Westminster, and that His Excellency be pleased to direct that tiations be at once entered into, either negotiations be at once entered into, the with the parties at present performing the duty, or that the performance of the work be

DR. CHING FUN-A CARD-EDITOR paper I want to state the very great good that has been done me by Dr. Ching Fun of this city, nxet door Kwong Lee & Co. For 24 years I suffered with neuralgia on the brain, which baffied the skull of three first-class American physicians. Latterly bronehitis attacked my right lung, and my eyes became awfully inflamed. Despairing of ever being cured I placed myself as a last resort in the hands of Dr. Ching Fun, and after five months treatment I am a well man and feel that I cannot sound the eminent Chinese gentleman's praises too lendly, so that all my countrymen similarly affected may visit him and find relief. Respectfully.
